Important Notice

CommerceExtensions reserves the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice.

Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to CommerceExtensions terms and conditions of sale supplied at the time of order acknowledgment.

CommerceExtensions warrants performance of its products to the specifications applicable at the time of sale in accordance with CommerceExtensions standard warranty. Testing and other quality control techniques are used to the extent CommerceExtensions deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

CommerceExtensions assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using CommerceExtensions components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

CommerceExtensions does not warrant or represent that any license, either express or implied, is granted under any CommerceExtensions patent right, copyright, mask work right, or other CommerceExtensions intellectual property rights relating to any combination, machine, or process in which CommerceExtensions products or services are used. Information published by CommerceExtensions regarding third-party products or services does not constitute a license from CommerceExtensions to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from CommerceExtensions under the patents or other intellectual property of CommerceExtensions.

Resale of CommerceExtensions products or services with statements different from or beyond the parameters stated by CommerceExtensions for that product or service voids all express and any implied warranties for the associated CommerceExtensions product or service and is an unfair and deceptive business practice. CommerceExtensions is not responsible or liable for any such statements.

All company and brand products and service names are trademarks or registered trademarks of their respective holders.

Extension Installation

1. Log out from Magento Admin panel if you are logged in
2. Unpack the contents of the 'extension' zip from the package file purchased from CommerceExtensions to your Magento root folder
3. Log into Magento Admin Panel
4. If Cache Control is enabled in Magento go to 'System > Cache Management' section, select 'Refresh' under 'All Cache' drop-down menu and press 'Save Cache Settings'
5. Now go to 'System > Configuration > CommerceExtensions tab > Extensions & Support' section. If you see the extension in the list of installed CommerceExtensions extensions you are done.

Extension Usage

This extension allows you to force users to login for any or all of the possible types of pages or areas users can view. This is a great extension for any b2b / b2c based website and can be used on multi-domain website and be enabled / disabled per store. You can force user login on all CMS pages / site search's (both mini search and advanced) / site map / search terms / contacts (contact us form). See below for setting options.

The screenshot displays the 'Force Login Settings' configuration page. On the left is a sidebar with a 'Configuration' menu containing categories like GENERAL, TEMPLATES-MASTER, CATALOG, and MAGEB2BEXTENSIONS. The 'Force Login Settings' option is selected under MAGEB2BEXTENSIONS. The main content area is titled 'Force Login Settings' and includes a 'Save Config' button in the top right. Below the title is a sub-header 'Force Login For Product Catalog / CMS Pages / Search / Search Terms'. The settings are as follows:

- Disable The Extension: No
- Hide Category Navigation Bar: No
- Redirect User to login page on all CMS Pages: No
- Redirect User to login page on all Catalog Search Pages: No
- Redirect User to login page on all Catalog Search Terms: No
- Redirect User to login page for Sitemap: No
- Redirect User to login page for Contacts (contact us form): No
- Message to display when a customer is redirected to login page (optional leave blank if not in use):
